

Minutes

Location: Library

Date: Saturday 11th November

Not In Attendance: Daniel Carl Beauchamp, Dan Knox

Attendance: Dharius Robinson, Natalie McLaren

What's Been Done since the Previous Meeting:

- **Sensor:**
 - Managed to get our sensor working with the Arduino:
 - Displaying the distance of objects within its range
 - Setting up a step in our engineering menu - the functionality to enter an initial depth when first connecting the device

Topics discussed:

N/A

What's Being Done:

- Testing today's code near the river in Canterbury tomorrow.
- Modelling a case

Further Discussion:
